1.1 Overview

This module enables the use of ICEPAY payment methods in your Übercart webshop.

Module webpage:

<http://www.icepay.com/webshop-modules/online-payments-for-ubercart>

1.2 Releases

The list of releases is available online:

<http://www.icepay.com/webshop-modules/online-payments-for-ubercart>

1.3 Compatibility

The compatibility chart is available online:

<http://www.icepay.com/webshop-modules/online-payments-for-ubercart>

1.4 Requirements

You need the following requirements to be able to use the module:

Software	
Drupal	6
Übercart	See compatibility

2 Installation

2.1 Manual installation

Step 1. Download and unzip

Download the module and unzip it to a folder on your computer.

Step 2. Upload

Upload the files as followed:

Module folder	Copy to
/uc_icepay	/modules/uc_icepay

Step 3. Server directory writing privileges

Ensure the following folder is writable:

Folder	Required for
/modules/uc_icepay/logs	Storing daily transaction log files

Step 4. Install the module within Drupal

Log in to your administrator backend:

Browse to	Action
Administer -> Site building -> Modules -> Icepay Payment Gateway (Ubercart – payment)	<i>Enable and Save Configuration</i>

The module is now installed and ready for configuration.

Read configuration for more information.

3 Upgrade

3.1 Module

It is recommended to always use the latest version of the module.

To upgrade the module, follow step 1 to 3 mentioned in the Installation chapter. The configuration is stored within the database and will not be overwritten.

Check all configuration settings of the module after an installation. It is possible some settings have changed or were added.

4 Uninstall

4.1 Module

To uninstall the module, log in to your administrator backend:

Browse to	Action
Administer -> Site building -> Modules -> Icepay Payment Gateway (Übercart – payment)	<i>Disable and Save Configuration</i>

5 Configuration

5.1 First use

Step 1. Open the configuration section

To configure the module, log in to your administrator backend:

Browse to	Action
Administer -> Store administration -> Configuration -> Payment settings -> Payment methods	Open ICEPAY settings

Step 2. Link an ICEPAY merchant website

Use the generated Merchant URLs to create a new Merchant website in your ICEPAY account.

Scroll down to the generated Merchant URLs: Merchant success URL, Merchant error URL and Merchant Notify/Postback URL.

Once you have created a merchant with these URLs you will receive a Merchant ID and Secret Code. Edit the module and copy-paste these into the proper sections.

More information about creating an ICEPAY merchant can be found here:

<https://www.icepay.com/how-to-test>

Save the configuration and ICEPAY is ready to be used.

It is prohibited for Customer directly or indirectly (through a third party) to copy or duplicate the ICEPAY webshop module in any way, without the prior written approval from ICEPAY B.V. The license to use the ICEPAY webshop module cannot be transferred to any third party (third parties also include holding, affiliated, and/or subsidiary companies). Customer does not have the right to make the ICEPAY webshop module available, under any title or in any way whatsoever, to any third party (third parties also include holding, affiliated, and/or subsidiary companies).

Customer is authorized to alter (in the source code) the ICEPAY webshop module. Any alterations are the sole responsibility and risk of Customer. All work performed by ICEPAY B.V. related to a support question on an ICEPAY webshop module whose code has been changed (to some extent, however small) shall be charged to Customer on the basis of actual costs in accordance with the standard rates of ICEPAY B.V.

Warranty disclaimer

The ICEPAY webshop module is made available on an “as is” basis only and without any warranty or indemnity of any kind.

ICEPAY B.V. makes no warranties, conditions, indemnities, representations or terms, express or implied, whether by statute, custom, or otherwise as to any other matters, including but not limited to non-infringement of third party rights, integration, accuracy, security, availability, satisfactory quality, merchantability or fitness for any particular purpose.

Limitations to indemnification & liability

Customer agrees to indemnify ICEPAY B.V. from all liability, losses, actions, damages or claims (including all reasonable costs and attorney costs) which flow forth or are regarding the use or dependency upon the ICEPAY webshop module.

Under no circumstances will ICEPAY B.V. be liable to Customer, or any other person or entity, for any loss of use, revenue or profit, lost or damaged data, or other commercial or economic loss or for any direct, indirect, special, statutory, or consequential damages whatsoever related to the use or reliance upon ICEPAY webshop module, even if advised of the possibility of such damages or if such damages are foreseeable. This limitation shall apply to each breach of this User License Agreement by ICEPAY B.V.

Additional work & support

All activities that ICEPAY B.V. must perform upon request of Customer related to the use of the ICEPAY webshop module, which has been made available at no charge, shall be invoiced as additional work (or support) on the basis of actual costs according to the applicable rates of ICEPAY B.V.

(Future) incompatibility problems (products are unable to interoperate with each other) can be resolved on the basis of additional work.

It will be assumed that Customer has agreed with the performance of additional work and the connected costs, if Customer has allowed additional work to take place without raising objections in writing prior to the commencement of additional work.

Installation and implementation

ICEPAY B.V. will only install and/or implement the ICEPAY webshop module or have it installed and/or implemented if agreed upon in writing.

Prior to installation and/or implementation Customer will see to it, at its own expense, that all conditions required by ICEPAY B.V. have been met in order to ensure a successful installation and/or implementation.

Customer will ensure and is entirely responsible for fulfilling the conditions of the necessary software licenses in order to let installation and/or implementation take place legally.

Duration

This agreement is effective as of the moment of acceptance and may be terminated at any time by ICEPAY B.V. whereby a notice period of one week shall apply.

General conditions/applicability

The General Conditions ICEPAY apply to the agreement. The applicability of purchase conditions or any other conditions from Customer or third parties is, then, expressly rejected by ICEPAY B.V. Customer explicitly declares to have received the General Conditions ICEPAY and to agree with the General Conditions ICEPAY.
